WORK EXPERIENCE

IMMERSIVE DESIGN INTERN

MAKEDEMY PTE LTD | Sep 2024 – Mar 2025

Project Management	- Coordinate IMDA programme objectives and updates with management; - Set project milestone timelines and daily priorities; - Delegate work tasks to colleagues and removing any blockers encountered
Technical & Curriculum Design	- Ideate and engineer feasible Unreal Engine 5 gameplay mechanics; - Scope mechanics to fit within a strict 20-lesson limit for secondary school students. - Develop comprehensive lesson plans and instructional slides; and - Design learning materials and edited tutorial videos.
Event Promotion	- Act as an exhibitor at Edutech Asia 2024 promoting Intel® Skills for Innovation (Intel® SFI); - Successfully hit target KPIs of 70 for Intel SFI Pre-Registration.
Teaching & Workshop Logistics	- Coordinated and packed all necessary equipment and robotics kits for workshop sessions; - Delivered engaging lessons to classes of 40 students, receiving formal commendations from principals, teachers, and management.

WEBSITE FRONT-END DEVELOPER (FREELANCE)

HOUSE OF POROSEAL PTE LTD | Jul 2024 – Sep 2024

Web Development	- Designed and animated company history timelines using HTML, CSS, and JavaScript on WordPress without external plugins.
Visual & Asset Redesign	- Edited and standardized over 200+ e-commerce plaque items and tiers using Adobe Illustrator and Photoshop to ensure accuracy and clarity
Client & Project Management	- Handled direct client communication, managed a two-round revision process based on structured feedback, and oversaw project invoicing.

EDUCATION

SINGAPORE POLYTECHNIC

Diploma in Media, Arts & Design (Game Design & Development) | 2022 – 2025

CGPA: 3.49

LTA EDUTAINMENT GAME FINAL YEAR PROJECT (TEAM LEAD / DESIGNER):

Project Management	- Managed a team of 7 developers, delegated tasks, and led weekly sync meetings to unblock team members and accelerate progress.
Creative Direction & Design	- Ideated and sketched core concepts for many of the mini-games, character dialogues, and quizzes, successfully filtering team ideas into a coherent vision.
Client & Stakeholder Relations	- Served as the primary point of contact for the Land Transport Authority (LTA) client, addressing feedback and aligning deliverables with their requirements.
User Testing & Quality Assurance	- Designed structured feedback forms and conducted 22 user testing sessions across multiple builds to observe player decisions and prioritize critical bug fixes.
Public Showcase & Presentation	- Published the web edutainment game in Unity (WebGL) to educate the public on being a caring commuter; - Successfully showcased and presented the final game to then-Minister of Transport, Chee Hong Tat, during Caring Commuter Week 2024 and was featured on Lianhe Zaobao.
